THE CHERWELL SCHOOL

FREEDOM OF INFORMATION POLICY

Schools hold copious amounts of information about their staff, students, parents and the internal school procedures and data sources. The Information Commissioner has designated that all public bodies that hold information must have a current scheme that delineates their policy towards the publication and sharing of the information that they hold.

All schools in England are therefore required to have and publish a Freedom of Information scheme that is communicated to relevant stakeholders on a regular basis so that they are aware of their rights and responsibilities in relation to this policy.

Introduction

Since April 2008 the Information Commissioner has simplified this process for all schools by creating a Model Publication Scheme which can be adopted in its entirety, without further approval, and with it being valid until further notice is given. The Cherwell School has adopted this policy in this way and will share this scheme with its relevant stakeholders on a suitably regular schedule which is:

- Annually with all parents of students new to the school via the school website
- Annually with all staff new to the school

The Cherwell School Publication Scheme

This scheme is based on, and includes, the entirety of the model publication scheme which has been prepared and approved by the Information Commissioner. As stated in legislation, this can be adopted without modification by any public authority without further approval and will be valid until further notice.

This publication scheme commits The Cherwell School to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by The Cherwell School. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner and attached herewith as Appendix 1.

The scheme commits The Cherwell School to:

- specify the information which is held by The Cherwell School and falls within the classifications below

- proactively publish, or otherwise make available, as a matter of routine, information in line with the statements contained within this scheme
- produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public
